PROFILE

As a Junior Web Developer, I bring a passion for clean and efficient code, and commitment to developing websites that are visually appealing and user-friendly. I have experience building responsive and accessible websites that meet industry standards. I am continually seeking to expand my skill set by keeping up-to-date with the latest trends and technologies. In addition to my technical abilities, I possess strong teamwork and communication skills (*English & French C2, Spanish A1*) enabling me to collaborate effectively with stakeholders and contribute to a positive team dynamic. With a strong work ethic and a dedication to delivering high-quality results, I would make a valuable addition to any web development team.

SKILLS

Languages: (*JavaScript, HTML, Ruby, SQL, CSS*).

Frameworks & Libraries: (*NodeJS, React, Ajax, Express, EJS, jQuery, Rails, Bootstrap, SASS*).

Testing: (*Jest, Storybook, Cypress, Mocha Chai*)

EDUCATION

Lighthouse Labs, Diploma 

Sep 2022 – present | Toronto, Canada
Web Development Bootcamp

CTS Canadian Career College, Diploma 

2016 – Sep 2017 | North Bay, Canada
AIC Addictions Intervention
Counselling

PROJECTS

ListEasy

Built a Smart To-Do List web app that categorizes user inputted tasks using AI and integrates with APIs.

Front-End: HTML, CSS, Bootstrap, SASS, JQuery

Back-End: NodeJS, Express, SQL

Interview Scheduler

React application that allows users to book and cancel interviews. We combine a concise API with a WebSocket server to build a realtime experience.

Front-End: HTML, CSS, ReactJS

Back-End: Node, Express, SQL

Testing: Jest, Storybook, Cypress

Tweeter

A Twitter clone. The purpose is to build upon and practice front-end skills.

Front-End: HTML, CSS, Ajax, JQuery

Back-end: NodeJS, Express

PROFESSIONAL EXPERIENCE

Housing Focused Shelter Worker, Stepping Stone

Guelph, Canada

I provided homeless individuals with hotel accommodations while ensuring compliance with regulations and maintaining comprehensive documentation. I coordinated with community resources and provided crisis intervention. These experiences helped me develop strong communication, problem-solving, and data management skills transferable to a web development role.

PSW, QualiCare

Guelph, Canada

I provided daily living assistance, emotional support, and ensured client safety and dignity. I collaborated with healthcare providers and family members to develop customized care plans and maintained detailed documentation. My work showed adaptability, empathy, and attention to detail, transferable qualities to a tech environment.
